RESELLER PROGRAM

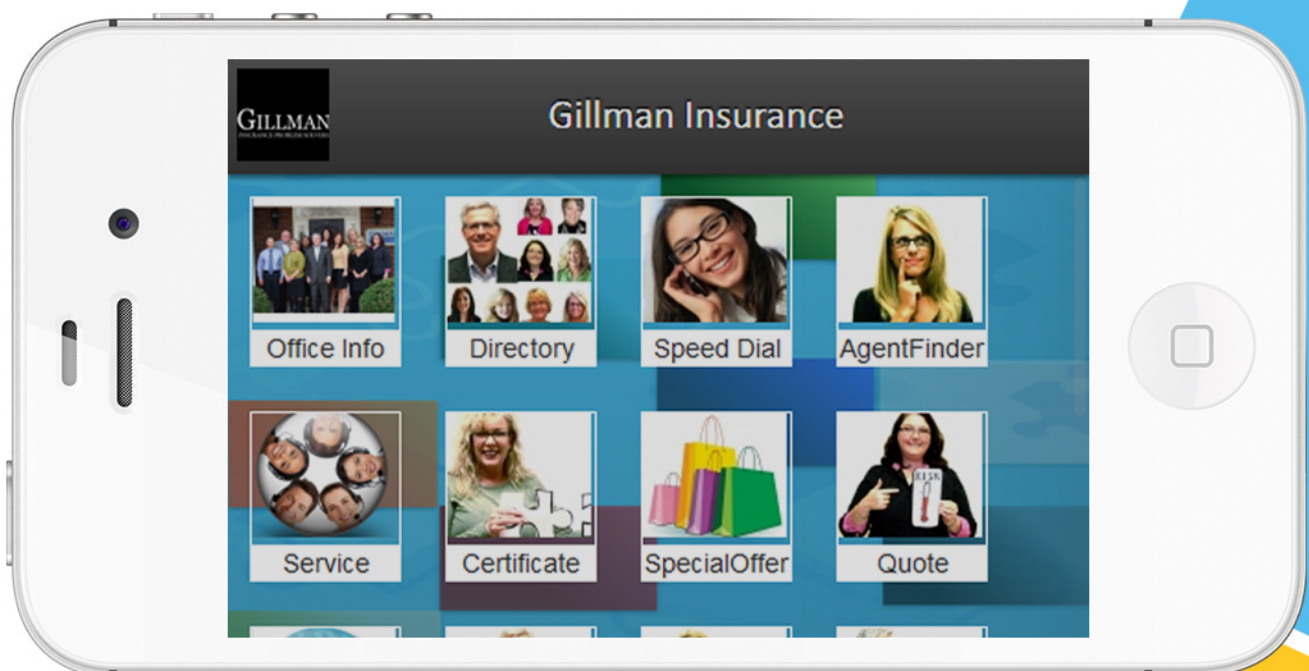

Appy Pie is the fastest growing cloud based Mobile Apps Builder Software (App Maker) that allows users with no programming skills, to create Android & iPhone applications for mobiles and smartphones; and publish to Google Play & iTunes. Appy Pie's Closed Beta was released on Jan 14th. Appy Pie shot to popularity immediately after its Out of Beta release. Finding widespread acknowledgment from worldwide press and the blogosphere, Appy Pie's Marketplace scored over 850 Mobile Apps within a month. Small and medium businesses are finding Appy Pie particularly useful to reach out to new customers as well as engage with the existing ones.

With Appy Pie, there is no need to install or download anything, you can just drag & drop app pages to create your mobile app online. Once the App is published, you will receive an HTML5 based hybrid app that works with Android, iPhone, iPad, Windows Phone and Blackberry.
